**Some more information:**

This year's seminar theme is HOBY WA: Building Blocks to the Future. We are encouraging young people to become active members of their communities through service, entrepreneurship and by teaching leadership skills. We feel that having the opportunity to discuss in an intimate setting the successes and failures in business would be an outstanding opportunity. Please help us realize this goal by joining us for breakfast and by sharing your knowledge! We look forward to welcoming you into the HOBY WA family.
